“Starting MIAT one year early while still attending high school classes was hands down one of the best opportunities I ever had.”

“I was hired at General Atomics Aeronautical Systems a month before I graduated and was able to start my first career position in California at the age of 20.”

**- Phillip P.
Program Graduate
Flat Rock High School 2009**

Aircraft Maintenance Technicians Sean Brady (right) and his son, Breandan Brady (left), are both MIAT Graduates.

Sean urged Breandan to take advantage of the MIAT Aviation program through Lincoln Consolidated High School. Breandan completed the program and continued his studies at MIAT after high school. He achieved his Airframe & Powerplant Technician Certificate and began his career with ExpressJet Airlines just two years out of high school.

“If you put your mind to it, you can accomplish anything. I love what I do, and wouldn't be doing it if it wasn't for MIAT.”

**- Breandan B.
Program Graduate
Lincoln Consolidated H.S. 2011**

MIAT College of Technology

2955 S. Haggerty Road Canton, MI 48188

Accredited By **ACCSC**
