Speech to Text, a.k.a. Dictation

Select the Apple in the top left.

Select System Preferences... from the drop down.

Locate and select Dictation & Speech.

Turn on Dictation

Enable Enhanced Dictation

ĝ	When you dictate text without Enhanced Dictation, what you say is sent to Apple to be converted to text.
	To help your Max recognize what you're saying, other information is sent as well, such as the names of your contacts.
	Cancel Enable Dictation

Go to Text to Speech tab

Select a Voice
